ILLE

Mr. Donald Winegarden
Director, Operations Division
Office of Buildings Management
General Services Administration
Washington, D.C. 20405

Dear Mr. Winegarden:

This Agency interposes no objection to the proposed regulation "Smoking in GSA-Controlled Buildings and Facilities." Full support will be given toward implementing the regulation.

There is only one point in which question could be raised, and that has to do with the prohibition of smoking in conference rooms. One might give consideration to qualifying the ban by giving some latitude to the individual chairing meetings in the conference rooms. The conference rooms in CIA are relatively small and are generally in the proximity of Agency senior officials. In deference to those who may be smokers, it might be equitable to give them some say as to whether or not smoking is to be permitted.

Sincerely,

John F. Blake
Deputy Director
